

NORMAL TIGERS TO MEET U. T. DENTALS

Football Game Scheduled for Saturday at Russwood Park.

The State Normal Tigers and University of Tennessee Dentals will lock horns at Russwood park Saturday afternoon at 3 p.m. sharp. Tennessee has played only one game in Memphis this season. This was with the strong Crockett Tech team and resulted in a deadlock, neither side scoring. Friday's game will be the Tigers' first appearance locally. Coach George of Normal says that some athletes think he is making a mistake by taking on such a heavy team so early in the season, but that after his team's showing against the heavy Jonesboro Aggies Monday he is not afraid to take on anything within a hundred miles of Memphis. The Tigers came out of the Aggie game in fine shape and will go into Saturday's fray for blood. Teams will report at 2:30 so that the game may start promptly at 3 o'clock.

WRANGLER PUTS REDS IN SERIOUS PLIGHT

Soviets Seek Peace Despite Liberation of Forces.

LONDON, Oct. 12.—Conditions along the south Russian front have assumed a serious aspect for the Bolsheviks, according to advices received here. Gen. Baros Wrangel's troops are continuing to advance north of Crimea and the sea of Azov. Nikolaiev, the principal Russian naval station on the Black sea, is said to have been captured by anti-Bolshevik insurgents. Although an agreement looking to an armistice has been reached with Poland and large numbers of soviet troops are in a position to be rushed to southern Russia, the soviet government is reported to have made peace proposals to Gen. Wrangel.

Gen. Lokhovskiy, in command of anti-Bolshevik forces in camp by Trans-Bukovina, recently placed his troops at the disposition of General Wrangel and now General Semenov, who for the past two years has been fighting the soviet armies in Siberia, has taken a similar step.

Gen. Budenny, leader of Bolshevik cavalry during the recent offensive in Galicia, is said to have turned against the Bolsheviks and to be planning an attack on Kiev.

BIG FUND TO PUSH WORLD TRADE SOUGHT

WASHINGTON, Oct. 13.—Appropriations amounting to \$1,000,000 will be asked of congress at the next session for the expansion of foreign trade, according to the estimates under consideration today by the bureau of foreign and domestic commerce.

Officials declared increased funds were needed because of the changing conditions of America's commerce.

AGED MAN DIES

Arrangements have not been completed for the funeral and burial of J. F. Christensen, age 70 years, who died Tuesday morning at 9:45 o'clock, at his residence on Moore avenue, south of Speedway. Christensen was the husband of Kate Christensen, father of John F. Jr., Mrs. M. G. Parish and Mrs. J. L. Aughy.

ARREST NEGROES FOR DEATH OF WATCHMAN

Claim Canby Killed for \$200 in His Possession.

PINE BLUFF, Ark., Oct. 12. (Sp.)—Walter Dennis and Ananias Brown, negroes, are under arrest at Pine Bluff for the killing of Noah Canby, watchman of the Steel mill, Sunday night. It is alleged that the killing had nothing to do with night riding, but that the two negroes "new Canby" had \$200 and they went to rob him. It is also alleged that Brown has confessed his part in the killing, but claims that Dennis did the shooting when Canby resisted robbery. Canby was found dead Monday morning outside the mill he was employed to guard.

Fight Out Pest In Crystal Springs

CRYSTAL SPRINGS, Miss., Oct. 12. (Sp.)—Luther Brown, representing the state plant board, arrived Saturday to fight Argentine ants that have infested this community for several years. The work will be under the direction of Prof. E. R. Barber, of the federal board of entomology. It will take several days to get results, but when once this is secured there will be immunity for a number of years. The fight will be waged by means of a poisonous solution.

Newbern Has Banner Shipment of Hogs

NEWBERN, Tenn., Oct. 13. (Sp.)—What is said to be the largest shipment of hogs to go over the Illinois Central railroad from Newbern in many years was shipped to St. Louis markets this week by local buyers. Saturday was said to be the biggest day among buyers, when seven carloads went out from Newbern at one time.

CIVIL SERVICE EXAMS WILL BE HELD HERE

An announcement has been received by the Memphis postoffice from the United States civil service commission, which states that an examination for junior engineer and deck officer for the United States coast and geodetic survey, will be held in this city Dec. 8 and 9. The examination was to have been held in August, but was postponed because only one application was received. The positions carry a salary of \$2,000 a year to start with and an increase to \$2,340 after one month of satisfactory service.

Vacancies in the rural mail service of Crittenden county, Ark., have caused the civil service commission to announce an examination to be held in Memphis Nov. 13, to fill them.

RED FARMERS SCORED.

MINNEAPOLIS, Minn., Oct. 13.—Efforts of radical farmers organizations to control prices by creating co-operative associations were scored at the session of the Grand Dealers' National association in the report of the legislative committee. The report adds the radical organizations were seeking to disregard the laws of world supply and demand. It urged an active campaign to combat unrest among farmers and promotion of a fair recognition of the dignity and importance of agriculture.

Petition Asks For More Gate Room

In a recent article in The News Scimitar relative to a petition to the Chamber of Commerce from certain Mississippi towns to use its influence toward rectifying conditions prevailing at the Grand Central station, it was stated that the citizens of Hernando had complained of the condition of the passage way leading from the waiting rooms to trains.

Mr. J. L. Hayes, of Hernando, who circulated the petition, says that nothing of this kind was mentioned in the petition. What the citizens of Hernando asked to have changed was the practice of the railroad officials of keeping only one gate open for the accommodation of passengers, both white and negroes, in passing to the trains. They asked that two gates be maintained, the one for the accommodation of white passengers and the other for negroes, so that the two races would be separated in the train that usually occurs when the local trains are leaving the station.

Other petitions made the same request, and added request that sufficient coaches be provided for the passengers of both races, especially in the trains which leave over long runs late in the afternoon.

The chamber of Commerce has appointed a committee, of which S. B. Anderson is chairman, to look into conditions at the Grand Central station. This committee will be asked in addition to the changes prayed for in the petitions the condition of the passage way leading to trains, and whether it is better ventilated, better lighted and so that passengers will not be crowded so close together in obtaining access to trains.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis

Guarantee to Strengthen Eyesight 50% In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored to their remarkable condition and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would burn dreadfully and I felt fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seems hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses. Another who used it says: "I was bothered with eye strain caused by overwork, tired eyes which induced severe headaches. I have worn glasses for several years both for distance and near, and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of wearing glasses. Eye troubles of many descriptions may be fully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of glass of water and let it dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start. Inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

NOTE: Another prominent physician to whom the above article was submitted, said: "The Bon-Opto prescription is truly a wonderful remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were injured through overwork or milder glasses. I can highly commend it in cases of weak, watery, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed in the package. The manufacturer guarantees it to strengthen eyesight by the use of it in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by the leading druggists, including Weiss Pharmacy.

Moving Pictures

Majestic.

Madge Kennedy is having a new experience as a member of the chorus in the picture, "Dollars and Sense," which comes to the Majestic theater for three days, commencing Thursday. Unlike many successful actresses, Madge Kennedy did not get her start in the chorus of even a minor part. She started right in playing leads in "Baby Mine" and "Twin Beds," so the part of a chorus girl in the picture "Dollars and Sense" concerns a plucky little girl and her struggle to earn her own living on the stage.

Strand.

Convicts breaking out of prison is a common theme these days. "Convicts breaking out and then breaking back again is a novelty that isn't read about very often. Shakespeare's play, "The Peppercorn," the latest Paramount-Ince picture starring Douglas MacLean, will be shown at the Strand theater starting Thursday, does both in and out of the picture.

MacLean, in the role of Clancy, gives one of the most clever and entertaining performances of his screen career.

Princess.

An all-star cast, including Pauline Starke, George Stanley, George Stanley, Jack Curtis, William Dyer, Boris Karloff, James O'Neill and Billie Bennett, will be seen at the Princess theater Wednesday and Thursday, in "The Courage of Marge O'Doone," by James Oliver Curson. The production was made under the direction of David Smith, and is one of the most thrilling and spectacular features ever presented. It is the story of a man who braves the dangers of ice and snow to rescue a little girl who is holding her breath at bay with the aid of a trained bear.

MISSING SHIP DOCKS.

PENSACOLA, Oct. 13.—The fishing schooner Clara G. Silva, after being out 13 days to Campeche banks, made port here yesterday unmarked by wind or weather. The Warren Fish company, owner of the vessel, had almost given up hope for her fearing she had gone down in one of the gulf storms last month. Capt. Leonard Smith, of Mobile, in command, said the schooner had been becalmed nearly a week and that on only two days of the entire 28 since the vessel left port had there been wind enough to make more than ten miles a day.

Healthy blood is essential for a healthy system. Healthy blood must contain the proper, natural proportion of red corpuscles—and red corpuscles are mainly derived from iron.

Ordinarily, your blood obtains enough iron from the food you eat. But if some bodily function is failing to do its duty in relation to the blood, the iron that is in your food will not be absorbed—causing you to be pale, weak, and subject to many little every-day ills and disorders.

WINNINGTON, N. C., Oct. 12.—J. B. Pales, a wholesale merchant here, is in a serious condition from blood poisoning caused by the bite of a wharf rat. Mr. Pales was watching a battle, three weeks ago between a terrier and a large rat, when the dog hurried the rodent in the air. It alighted on Mr. Pales' wrist and bit him before he could shake it off.

What Do You Use To Kill Germs?

Following the advice of doctors and recommendation of boards of health, intelligent housekeepers should disinfect the home daily.

MALDEZONE

Kills Germs Destroys Odors

By far the most dangerous disease breeding germs are in the dirt that is not seen. They lurk in the sink, in the drain pipe, they breed in the garbage can, in the bathroom, wash bowls, bath tubs, lavatories. They hide in the many times handled vegetables, they collect in cellars and multiply in sunless, dark corners.

You can not see these disease breeding germs, but you can exterminate them quickly and easily by the regular, systematic use of MALDEZONE.

You should use it freely in the sick room. It positively sterilizes and purifies—and how sweet and clean it makes your home smell.

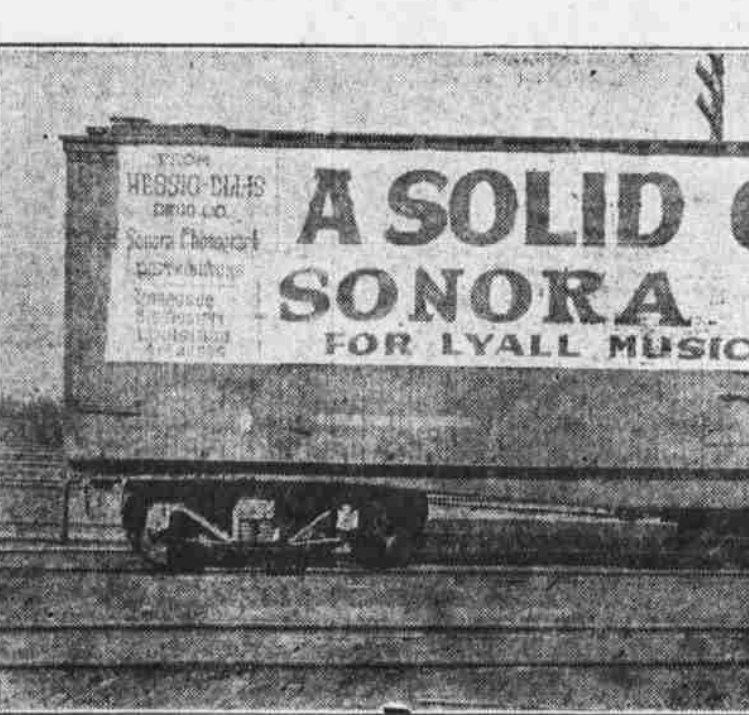

Keep a Maldezone Gas Air Purifier filled with Maldezone in your bedroom.

Too Weak to Do Anything

The ordinary every-day life of most women is a ceaseless treadmill of work. How much harder the tasks become when some derangement peculiar to her sex makes every movement painful, and keeps the nervous system all unstrung until life seems hardly worth living. Every woman in this condition should profit by the experience of these two women whose letters follow.

Read the Experience of These Two Women

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' And there is only one answer, 'Lydia E. Pinkham's medicines which I gladly recommend.'" —Mrs. W. M. STEERS, 560 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in my side. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and advised me to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work, and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine." —Mrs. W. M. STEPHENS, 302 Harvey St., Gainesville, Texas.
